Cost saving Time-saving Sustainable

Multisserie with grease separator and internal condenser

The Multisserie is a revolution in visual cooking and merchandising. Designed to give extra prominence to your products, the Multisserie allows your customers a 270-degree view of the cooking theatre.

The Multisserie is equipped with an internal condenser. The condenser transforms steam into drain water during the cooking cycle. Moreover, it loses steam at the end of the cycle. This provides maximum safety as no steam will escape from the Multisserie when your operator opens the door.

With the Fully Automatic Cleaning system, cleaning can be done overnight without operator intervention. The Multisserie with grease separator efficiently separates grease from water during the cook cycle. By using a grease separator, the total volume of waste will be decreased significantly. Moreover, the harvested fat can become a reusable energy source.

Hygienic fat collection

Internal condenser

Features Multisserie with grease separator and internal condenser

Top features

- Supplied on stand with grease separation system
- Impulse generator, show cooking with 270-degree view
- Fully automatic cleaning system with detergent and rinse aid dispenser
- Cook Correction to control food safety
- Internal condenser

Standard characteristics

- 12 Chicken racks or multi-purpose baskets
- Chicken racks for up to 48 chicken (5 lbs)
- 250 programs with up to 9 steps
- High speed convection for even cooking
- Boiler-less steam generator with different steam levels, programmable
- Attractive halogen lighting
- Curved, double glass doors for perfect insulation and safety
- Accessible from three sides, doors lockable at customer side
- Separates water (to drain) and fat
- Seamless stainless steel interior, stainless steel exterior

Accessories

- Chicken racks (included)
- Multi-purpose baskets
- Door locking handle on customer side
- Water filtration system

Optional

Stainless steel cladding for underframe

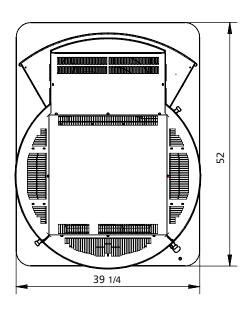

Stainless steel cladding (optional)

Multisserie with grease separator and condenser

Dimensions

Nidth	39 ¼"
Depth	52"
Height incl. condenser	87"

Technical data

Net weight	1025 lbs
Gross weight	1312 lbs
Voltage	208/120 V
Phase	3 (5 wire)
Frequency	60 Hz
Power	21.4 kW
Breaker	80 A
Temperature range	122-482 F
Water drain	2"
Water connection Was	n G ¾"
Water connection Stea	m&Rinse G ¾"
Water pressure	min. 40 psi at 4 GPM

Additional Technical data

Water Heater

Water connection	G ¾" via multisserie
Voltage	208 V
Frequency	60 Hz
Phase	1
Breaker	20 A
