

Installation limiter glass CC Essential

- NOTICE -

This manual is prepared for the use of trained Service Technicians and should not be used by those not properly qualified.

The information presented in this document is only valid for standard Hot Counter Configurations and not intended to be all encompassing. The specifications for custom configurations may differ.

Technical data and specifications are subject to amendment without prior notice.

Reproduction or other use of this Manual, without the express written consent of Fri-Jado, is prohibited.

Remove the square glass by lifting it, note that this needs to be done by 2 persons.

Carefully place the glass on the floor

Position the metal part in the profile

Use a plastic hammer or the back of a screwdriver to put the metal part in place

Place the metal strips at the bottom of the profile.

Put the square glass back in the profile. Now the square glass will not bend anymore.
